DATA SCIENCE UNDERGRADUATE

I am currently a 3rd-year undergraduate student at CamTech University, majoring in Data Science and AI Engineering. Throughout my academic journey, I have built a strong foundation in data analytics, gaining skills in visualizing and interpreting data as well as some foundation about machine learning.

WORK EXPERIENCE

- Junior Researcher Intern | Angkor Social Innovation Park**

Sep 2024 - present

 - Conduct research on business and economics to support SMEs in Cambodia.
 - Deliver presentations on assigned research topics.
 - Write blogs and commentaries related to business and SMEs.
 - Compile weekly news digests focused on the SME sector.
- Denteeth Internship Project | CamTech University**
 - Collaborated with a dental clinic to gather and preprocess data for training a machine learning model aimed at detecting dental diseases.
 - Developed and implemented a machine learning algorithm to accurately identify various dental conditions.
 - Analyzed results and compiled a comprehensive report on findings.
- Web Design Intern | Olympia Medical Hub**

Apr 2024

 - Designing a website and deploy
 - Updating blogs for daily news and update
